Information Brochure

About us:

The Dunedin Ice Skating Club (DISC) is open to people of all ages who love to skate on ice. We cater for all levels of figure skating right up to international competitions. There are approximately 120 members in the Dunedin Ice Skating Club.

Over the period of its existence the club has had a continuing record of success. We have a number of international representatives, as well as many national champions in both figure skating and speed skating.

The club was founded in 1988, and for the first 14 years of its life was based at the now closed Big Chill ice arena. From 2002 - 2004 Dunedin had no ice skating rink, but a few members continued skating and competing by traveling to Gore several times a week. In October 2004 the new Dunedin Ice Stadium opened, and is owned and operated by Ice Sports Dunedin. Ice Sports Dunedin is an incorporated society formed by the club in co-operation with ice hockey and curling interests in Dunedin.

As a club we host many competitions including New Zealand Nationals and Masters Games. We also host NZIFSA medal tests.

OUR CLUB DISCIPLINES

OPEN SESSION

This session is open to all full individual and family club members to practice their own skating or to book private lessons with our qualified coaches. The following types of skating are allowed in these sessions; Singles, Dance, Pairs and Speed.

DEVELOPMENT PROGRAMME:

This Programme includes ice time and coaching fees for recreational and competitive figures skaters.

There are 5 tiers. Tiers 1 & 2 are for recreational figure skaters and aspiring competitive skaters. Tier's 3-5 are for NZIFSA competitive figure skaters.

SYNCHRONISED SKATING

This is a large discipline of figure skating where 8-20 (the number of skaters on a team depends on the level) skaters skate on ice as a team, moving as one flowing unit at high speeds while completing difficult footwork.

PAIRS SKATING

This is performed by a female and male team. The use of lifts, twists, throw jumps, pairs spins, solo jumps and spins are performed within a routine performance from the pairs team within this discipline.

ADULT, POLYTECHNIC & UNI

Adults over the age of 18 years are welcome to join. Adults wanting to skate in this session must be recreational, non competitive or competing at a masters level.

We have ice time available for adults to book private lessons with our qualified coaches or to skate and train your own personal skating skills.

SHORT TRACK SPEED SKATING

This is a competitive form of ice skating in which the competitors race each other in travelling a certain distance on long bladed skates.

Skaters wanting to train or learn this discipline can join in the short track speed sessions.
